

Cigarette

No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

WHAT THE COMMUNITY SERVICE STANDS FOR

The local Community Service Board feels that the relationship between it and the National Community Service should be made clear to the public. In a few cases some misunderstanding as how the one is related to the other. The National organization renders service in helping to establish recreational facilities and activities without any cost to Paris. All the money that is paid into the fund for Community Service here stays right here and is invested here for the good of the town. No money is spent for salaries, board or any other expenses of the National workers, nor is there anything paid out in the way of commissions, bonuses or anything of that kind. This statement is made in order to make it clear that this work is a bona fide investment in Paris and her people.

THE REDPATH CHAUTAUQUA

Hundreds of Bourbon county people are looking forward with interest to the engagement of the Redpath Chautauqua, which begins in this city on July 8, and continues through July 15. Many citizens of Paris are making preparations to entertain visitors during these days.

The Redpath organization, the largest of the kind in the world, offers only superior attractions. While, of course, some prefer music, others lectures and still others the comedy-drama or other forms of attractions, each one of these various features of the program are first-class in their respective classes, as the Redpath Bureau offers nothing that is not well worth while. In no other way can one get so much enjoyment, valuable and uplifting entertainment, for only \$3.03, the price of the season ticket, an average of only about twenty-one cents for each admission.

In accordance with the established policy of the Redpath organization, a special story hour will also be included each morning or afternoon for the children. Thoroughly trained young women will have charge of this work. The stories will prove an unfailing delight to the youngsters.

RETIREES AS EPWORTH LEAGUE PRESIDENT

At the close of the twelfth annual assembly of the Kentucky Conference Epworth League, in Mt. Sterling, Friday, Mr. Dennis V. Snapp, Paris, retired as president of the organization, after having served four years as the chief executive. He has served in an official relation in the Epworth League for twelve years, being present at the first conference when the organization was first effected in 1910. Mr. Snapp refused to allow the committee on nominations to consider him for re-election, stating that all his time would be taken up with his duties as Field Secretary for the Sunday School work in the Kentucky Conference.

As a mark of esteem and appreciation for his faithful and untiring services, Mr. Snapp was presented with a handsome traveling bag by the Kentucky Epworth Leaguers. The presentation speech was made by Rev. J. E. Savage, of Carrollton, Chairman of the Epworth League Board.

HILDRETH ASKS MONEY BACK ON PLAYFELLOW

Return of the \$115,000 paid for the race horse Playfellow, brother of the noted Man o'War, has been requested by Sam C. Hildreth, it was reported in New York. The racer, which was bought from the Quincy Stable recently, was withdrawn from a race at Aqueduct Monday, because of the alleged discovery that the horse is a "wind-sucker" and was in no condition to race.

Playfellow gained prominence through his relationship to Man o'War and his winning of two races in succession at Belmont this season. Since his purchase by the Rancocas stable he finished second to Knobbie, a stable made and later was defeated in a race with Fair Cain and Thunderstorm.

FOR SAFE AND SANE FOURTH OF JULY.

Fire Chief Earl McCracken has asked that attention be called to the danger of fire loss to property during the present dry spell, and that every citizen of Paris be urged to rid their premises of waste matter and inflammable material. The danger of fire is never more serious than on July Fourth, when the youth of the country may on many occasions resort to the use of fireworks in patriotic celebrations.

Chief McCracken also impresses the fact that the firing of fireworks on the public streets is prohibited by an ordinance, and that no merchant can sell fireworks in Paris without a license. The ever-present danger of fire from the use of fireworks is a menace to life and property, and care should be taken to prevent such.
